

## Table 1: Loi Normale Centrée Réduite

Les chiffres de la table correspondent à la valeur de l'aire située sous la courbe à gauche de la valeur  $z$ . Par exemple, pour  $z = 1,25$  la probabilité cumulée est égale à 0,8944.

$z$	0,00	0,01	0,02	0,03	0,04	0,05	0,06	0,07	0,08	0,09
